1		镜壁盖	N/A			194*138*36	1穴		不处理	DEK5300.47	6,400.00	7,232.00
2		补盲镜镜臂	N/A			223*148*60	1穴	1R	不处理	DEK5300.47	9,600.00	10,848.00
含13%税小计:												
Total (incl. 13% VAT)												18,080.00

1. 当模具到达我司后, 若穴数或蚀纹区域的分布与上述描述不一致(如只报了前模但来了后模或行位), 则价格需另作调整。
 The price will be updated if the cavity and/or texture area are different from the above description once the mold arrives to our company .

2. 此估价单只限于模具正常状况下的工期和价格, 不包括法定节假日、蚀纹工作未能及时展开停顿的时间, 不包括对EDM, 抛光, 脱模角度不够, 烧焊区域的特殊表面处理和纹路再调光等产生的额外费用。
 The prices and delivery terms are only applicalbe under normal conditions, which does not include holidays or waiting time because of mold problems and does not include EDM, polishing, welding, readjusting the gloss level and so on that would cause an increase in cost and delay delivery time.

3. 此估价有效期为一个月。
 The validity period of this quotation is one month.

4. 模德中国蚀纹的出口模具必须在中国境内完成试模及认可, 模具出口后模德中国将不承担模具在国外的任何售后服务费用。
 Tools textured by Mold-Tech China that are intended for export must be tried-out and approved while the tool is in China, Mold-Tech will not be responsible for any after-sales service cost(s)provided abroad after the tool has exported.

5. ①蚀纹区域如果有碰穿需贵司先画线 ②需蚀纹的主模和镶件需拆开后再给我司 ③特殊情况如果我司无法将镶件和主模装一起蚀纹需贵司过来协助。

①Please scribe a line first if the texture area has a shut-off surface ②Please separate the cavity and insert before sending to us ③Customer should help to assist if such special circumstances occur and we cannot texture when the insert and cavity are assembled together.

6. 超过40kg到3T吨的货物请用敞篷车装运, 若是货车装运, 请自带托板, 以便天车或叉车装卸货; 运送3吨及以上的模具, 请使用敞篷车运输, 以便用天车装卸货;

If the weight of tooling is between 40kg and 3 tons, please transport to us by covered truck so that we can lift via crane or put tooling on tray so that we can lift by forklift ; If the weight of tooling is over 3 tons, please transport to us by covered truck so that we can lift via crane.

7. 本司无责任承担加工后不适的一切费用, 如涉及赔款, 最高补偿额将是有关工件的蚀纹报价额。

Mold-Tech will not be responsible for any cost after engraving, the highest compensation amount will be quotation value of the parts if there is any.

8. 模德使用Jenotik Hommel W10粗糙度测试仪测量纹理的深度, 使用ZGM 1120和BYK 4442光泽度测量仪测量光泽度, 这些设备在测量和数据方面将被视为权威。模德不接受/考虑来自任何其他测量设备测出的纹理深度/光泽度数据。

Mold-Tech utilizes Jenoptik Hommel W10 roughness testers to measure a pattern's depth and ZGM 1120 & BYK 4442 glossmeters to measure gloss, these devices will be considered as "master" in terms of measurement and data. Mold-Tech will not accept/consider measurements/data from any other measurement device in regards to a pattern's depth/gloss.

9. 付款方式: 出货前付清含税货款COD。开户银行:广发银行东莞清溪支行 户名: 模德模具(东莞)有限公司 帐号: 106131512010000805

Payment terms: Payment before shipment (bank account transfer).
